Step 1: Start by opening ChatGPT on your phone, tablet, or computer.

You can do this by searching chatgpt.com or use.ai on the internet

Step 2: Type a clear request. For example:

Help me find the best deal on WiFi.

Be specific about what you are looking for (service, product, or item).

Step 3: Add helpful details like:

- Budget
- Phone bill, holiday, household item
- Buy online or instore
- Key features

<p>How can I help you?</p> <p>Help me a find the best deal on a new air fryer. I would like to buy it online, my budget is £50, I would like it to have 2 drawers.</p> <p>+</p> <p>Help me write Learn about Analyze Image Summarize text + See More</p>	<p>Step 4: Search your questions. Click the up arrow on the screen or hit enter on your laptop.</p>
	<p>Step 5: Ask ChatGPT to make easier if needed by typing:</p> <ul style="list-style-type: none">- Keep each step short- Pros and Cons- Create a list to compare- Show my easy read bullet points

AI Safety:

Always check official websites for prices

Only buy from a shop you know or recognise

If you are unsure always ask a person you trust for help before buying

Never share your personal details or banking details with AI tools. It cannot make a purchase for you.
